Let me get you a clean one, not one used for a particular project.

Subject: EPA Completeness Check of Alon's AE Application

Hi Michele,

As I mentioned earlier, I have shared this with our district staff for their perusal and guidance. Is this something that we can share with the operators who are working on their AE data packages. I'm not sure if there are some confidentiality issues related to sharing this piece of EPA work with the public, i.e., operators? Appreciate your guidance. Thanks.
